SUSA
— CARES —

TOGETHER, WE ARE
BIGGER THAN THE GAME.

WHO WE ARE

Here at SUSA FC Academy, we believe in using our platform as one of the largest youth academies in New York state to be an active part of the community. Our state of the art facility serves as an invaluable community resource, hosting everything from charity walks, toy, coat, and blood drives to food banks and fundraisers for our in-house scholarship fund. We use our office facilities for educational purposes, including coaching and mentoring. Additionally, we take pride in helping low income communities and athletes in Guinea, and of course, we continuously use the influence and love of soccer for good.

MISSION

OUR FOUNDATION

The SUSANA CARES Foundation furthers our Club's mission of uniting the community through soccer, bringing joy to people, and being a force for good in our community by supporting critical programs and bringing the SUSANA spirit wherever we go.

VISION

WHAT MADE US START

Drawing from childhood inspiration of giving back to the less fortunate, the tragedy of 9/11 prompted SUSA's coaches to start giving back to the troops overseas. Cookies were baked, handwritten notes and drawings were sent to our troops, which ultimately segued into delivering these packages to nursing homes, and the developing of toy and food drives. Seeing a need for more of these philanthropic efforts within the community, SUSA Cares was born.

IMPACT PILLARS

ESSENTIALS

Providing the basic needs so families in our community can thrive, whether at home, in school, or in sports.

EQUITY

Breaking down barriers to resources, information, and opportunities for the groups who we support that have been marginalized.

EDUCATION

Empowering children and adults to explore, experience, and choose new pathways.

SUNRISE WALKS DAY CAMP

OUR FUTURE GOALS

Creating and implementing yearly events that continue to provide the opportunity to give back within the community.

OUTREACH

As a club, we are committed to hitting every street and meeting people where we honor their vision and amplify their voices within the community. We aim to unite, to inspire, and to build lasting change not only in our community, but within the club; inspiring today's youth and providing an environment where we can instill the values of giving back to those less fortunate.
